Campaign Spending: [List of Filers](#)

My name is Gail Dukes-Requilman. I am a Republican, a registered voter in the State of Hawaii, a long time resident, and am running for the State Representative for District 39. In the past, I have helped in campaigning for many people running for office by being involved in the many the projects it takes to run a campaign. I have wanted to see the changes that are so needed for the betterment in our Districts, in our Counties, and in our State. Changes are happening in a number of places, but what is needed in District 39 has not even begun.

I have never been a "mainstream" woman in doing anything, from wanting to be a General Contractor in a male dominated field, wanting to be an architect in a male dominated field. When someone tells me "you shouldn't . . . "or" you can't . . . ,"I will do it. With a lot of help and encouragement from friends and family, it is my turn at bat.
